Data recipients

Access to your personal data will be granted to authorised employees or associates of the University of Warsaw, including members of the recruitment committees processing your data in connection with the recruitment for studies.

Recipients of your data may also include entities who will be commissioned by the administrator to perform specific activities involving personal data processing. To ensure the highest standard of personal data protection, an agreement entrusting personal data processing will be signed with these entities.

Transfer of data outside the European Economic Area (EEA)

Your personal data may also be processed by our provider of G-Suit for education service, Google (with whom we have a signed agreement entrusting personal data processing) in their data processing centres². In addition, your data will be protected by the standards set out in the Privacy Shield, approved by the European Commission³. This will provide you data with the appropriate level of security.

Rights related to data processing

We guarantee you the exercise of all your rights on the terms set out by the GDPR, namely:

- the right to access your data and receive their copy;
- the right to rectification your personal data;
- the right to restriction of processing your personal data;
- the right to erasure your personal data (subject to Art. 17 s. 3 of the GDPR);
- the right to lodge a complaint to the President of the Personal Data Protection Office, if you believe that the processing of your personal data violates the law on personal data protection.

Obligation to provide data and the consequence of not providing data

Providing data is necessary to take part in the recruitment process. Providing other data which is not necessary to participate in the recruitment process is voluntary.

¹ Regulation of the European Parliament and the Council of Europe (EU) 2016/679 of 27 April 2016 on the protection of individuals with regard to processing of personal data and on free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation)

Doctoral School of Exact and Natural Sciences

The main element of education at the Doctoral School of Exact and Natural Sciences (SONSP) is the implementation of an individual PhD project in one of the scientific disciplines (Astronomy, Computer Science, Mathematics, Biological Sciences, Chemical Sciences, Physical Sciences, Earth and Environmental Sciences) that are covered by the school, under supervision of a faculty member chosen by the doctoral student.

Education at SONSP includes courses in the form of specialization and monographic lectures, workshops, seminars, two-day symposiums as well as courses and trainings to improve the skills of doctoral students in teaching.

The graduate of the Doctoral School of Exact and Natural Sciences has a highly specialized education acquired under the supervision of leading scientists and is prepared to undertake independent scientific and teaching activities at universities and research institutes. In addition, the graduate will have gained extensive knowledge beyond the discipline in which he/she prepared his doctoral dissertation, as well as skills in conducting scientific and teaching activities.

The school recruits in the following disciplines:

- Astronomy
- Mathematics
- Computer Science
- Biological Sciences
- Chemical Sciences
- Physical Sciences
- Earth and Environmental Sciences

Education

Education program

The education lasts 4 years. It includes obligatory classes (no more than 300 hours in total during the whole period of education) and the implementation of an individual research program, carried out under the supervision of a mentor. (Announcement of admission - October 1, 2021)

Remember to set priorities for your payments: [Set priorities](#)

On this page you can view a summary of financial operations on your IRK account. If the system has been configured to support payments in more than one currencies, your payments will be divided into separate tables in regard to these currencies. Your account deposits have positive value in the **Amount** column, while charges have a negative value. In the **Status** column the current status of your application fee is displayed. If the application has not been paid on time or a refund has been made, the payment will be displayed with grey background and its amount will not be calculated into the sum that is displayed above the table.

In the **Payment deadline** column there is a date until which you should make the payment at the latest, and below - in brackets - there is a date until which the money must be transferred to the University. Please make the payment in advance. If a recruitment payment isn't settled on time (the date in brackets), the application will be considered only on candidate's request, provided that the payment was made no later than on the day after the deadline for registration for given studies. Submitting such a request is possible within 3 days after announcement of the results.
